e. *Schmuckal/Blair Fund Discussion*

Funds from the Arthur Schmuckal Trust, totaling \$100K, were offered to TADL in 2013 with conditions that would restrict usage to the establishment of a library in Blair Township. The board engaged in an in depth discussion about the known circumstances and conditions of the offer, TADL's summer pilot program at the Blair Elementary school, and the determination that there is insufficient funding in the district to run another library site. The question was raised whether TADL could possibly use the funds for another agreed upon purpose. Zeits (Counsel) reviewed both the process of formally accepting the money, and the process of refusing the funds if mutual terms for the funds are unable to be met. The board asked Parsons to look into the past board minutes to trace the Schmuckal Trust activity and requested that Zeits (Counsel) inquire with the Schmuckal Family representatives regarding other possible uses of the funds before determining a final disposition for the funds.

It will be distributed via multiple outlets including the library website and YouTube channel. He also noted that the third and final video in the series will feature staff from all locations in the district and their passion for service and their library community.
